

# MOUNTED MP 1200

## Pump Mounted Mist Collector

Let us take the work out of Mist Collector installation with the MP1200! It keeps coolant mist and related vapors from the environment by collecting them and recycling them back into the machine's coolant reservoir. It mounts on top of all MP Systems R and VR series High Pressure Coolant Systems (HPCS) or it can mount on the machine tool upon request. The MP1200 comes with a free, basic installation kit.

### Advantages

- Mounts to R & VR Series HPCS. No Stand Required.
- Drains Back to HPCS Tank
- Powered by HPCS. Plug & Play into R & VR Series.
- PLC Control Through the HPCS

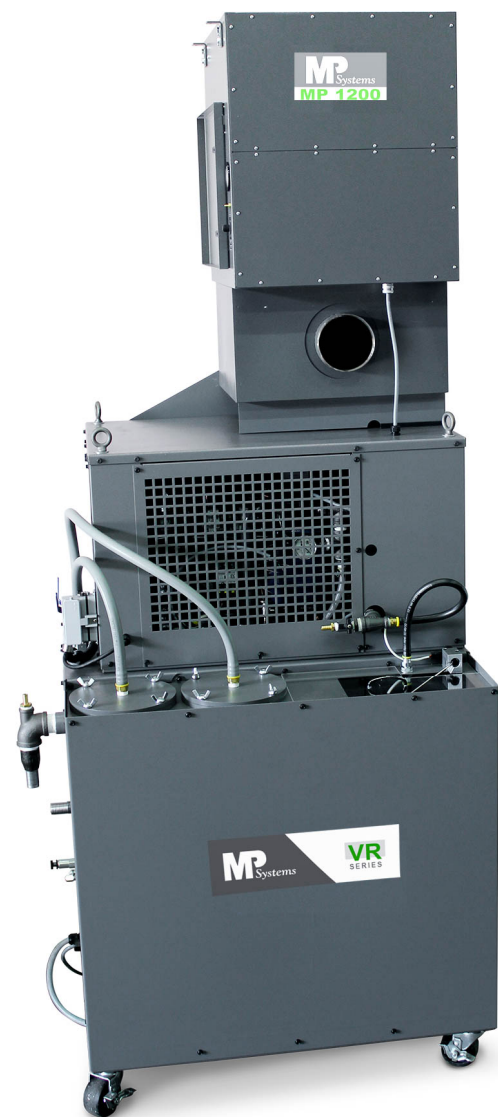

### Key Features

- 95% Efficiency (standard)
